Winter Symposium Agenda (Virtual Session)

Endocrine Therapy for Gynecologic and Other Cancers: Many Targets, Many Indications

Thursday, February 10, 2022 – 10 am – 2 pm EST
NRG Oncology Winter 2022 Meeting

Program Co-Chairs: Gini Fleming, MD, Stephanie Gaillard, MD, PHD, Shannon N. Westin, MD, MPH

PROGRAM DESCRIPTION:

The Winter 2022 Virtual Educational Symposium is titled ***Endocrine Therapy for Gynecologic and Other Cancers: Many Targets, Many Indications*** with noted Oncologists and Scientists serving as speakers and moderators. The targeted audiences are members and non-members of the NRG research teams to include Gynecologic Oncologists, Medical Oncologists, Radiation Oncologists, Pathologists, Patient Advocates and others engaged in oncology research and/or clinical practice; Oncology Nurses, Nurse-practitioners, Physician Assistants, and other interested Allied Health professionals.

The speakers will focus their presentations on 1) appropriate settings to utilize currently available endocrine therapies, 2) current clinical trials of novel endocrine therapies, and 3) promising future approaches in endocrine therapy.

LEARNING OBJECTIVES:

Following this activity, participants will be better able to:

- Recognize appropriate settings to utilize currently available endocrine therapies
- Identify appropriate clinical trial opportunities for patients
- Distinguish promising future approaches
