- 3) Summarization/tracking** of enrollment diversity in NRG trials

SDMC Initiatives 2023

Trial Enrollment Diversity

Population-representative sampling into NRG trials is critical for:

- **Relevance, generalizability of findings**
- **Evidence of trial accessibility, identification of barriers to enrollment**
- **Potential to identify differential benefits of interventions**

***Seeking and reporting on accrual diversity are a mandate of federal awards since 1993**
