PROGRAM DESCRIPTION, LEARNING OBJECTIVES

Summer Symposium - "Uterine Sarcomas and Carcinosarcomas: from Pathology to Practice"
July 18, 2019, Phila., PA

PROGRAM DESCRIPTION:

Program Chairs; Martee L. Hensley, MD and Matthew Powell, MD

The Summer 2019 GOG Foundation, Inc. Educational Symposium is titled "Uterine Sarcomas and Carcinosarcomas: from Pathology to Practice" with noted Oncologists and Scientists serving as speakers and moderators. The targeted audiences are members and non-members of the NRG research teams to include: Gynecologic Oncologists, Medical Oncologists, Radiation Oncologists, Pathologists, and other MDs engaged in oncology research and/or clinical practice; Oncology Nurses, Nurse-practitioners, and other interested Allied Health professionals. The speakers will focus their presentations on the diagnosis and management of high-grade uterine sarcomas, low grade sarcomas, and uterine carcinosarcomas.

Learning Objectives:

Following this activity, participants will be better able to:

1. Outline the surgical and systemic management approaches for uterine leiomyosarcoma and other high-grade uterine sarcomas
2. Discuss surgical approaches and fertility-sparing issues in low grade uterine sarcomas
3. Outline systemic treatment options for early stage and advanced uterine carcinosarcomas.
