July 16-19, 2015
Exhibit Hall: July 17-18, 2015
Sheraton Denver Downtown
Denver, CO

NRG Oncology welcomes you to Exhibit at the upcoming NRG Oncology SemiAnnual Meeting!

NRG Oncology invites you to participate as an exhibitor at the upcoming NRG Oncology SemiAnnual Meeting held at the Sheraton in Denver, CO from July 16 - 19, 2015. This meeting will draw approximately 1500 meeting attendees, providing a unique opportunity to reach a significant cross section of the clinical oncology research community.

NRG Oncology hosts two SemiAnnual Meetings each year. The meeting consists of many sessions and workshops to provide an exchange of information concerning current research, establish criteria for the evaluation of protocol compliance, and review research progress.

The purpose of the exhibits is to give companies an opportunity to inform the membership about drugs, technologies, supplies and services that are available to oncology researchers.

Each Exhibiting Company will receive a complimentary listing in the Final Agenda Program. This program will be distributed to over 1500 meeting attendees.

Hotel Reservations

Exhibitors are responsible for making their own reservations. Reservations must be made via the website for the Sheraton Denver Downtown ***(AVAILABLE MAY 1, 2015).***

Registration

All onsite representatives must register to receive an Exhibitor Name Badge. To register please complete the attached Exhibit Space Application. Exhibitors are entitled to 3 complimentary name badges per exhibit table. Additional onsite representatives must pay a fee of $100.00.

NRG Oncology Mission Statement

NRG Oncology seeks to improve the lives of cancer patients by conducting practice-changing multi-institutional clinical and translational research with emphases on gender-specific malignancies including gynecologic, breast, and prostate cancers and on localized or locally advanced cancers of all types.

NRG ONCOLOGY

Advancing Research. Improving Lives.™

About NRG Oncology and the Group Meetings

About the Group

NRG Oncology brings together the unique and complementary research areas of the National Surgical Adjuvant Breast and Bowel Project (NSABP), the Radiation Therapy Oncology Group (RTOG), and the Gynecologic Oncology Group (GOG). NRG Oncology builds upon our more than 150 years of cumulative research experience to conduct practice defining, multi-institutional clinical trials resulting in the improved survival and quality of life of patients with cancer.

NRG Oncology will focus on the following diseases:

- Adult brain tumors (primary and secondary)
- Head and neck cancer
- Localized and locally advanced lung cancer (both NSCLC and SCLC)
- Breast Cancer
- Gastrointestinal cancer (including colorectal and noncolorectal
- Genitourinary cancer (emphasizing nonmetastatic prostate and bladder)
- Gynecologic cancer (including ovarian, cervix, and endometrial)

Purpose of Exhibit

The purpose of the exhibits is to allow companies an opportunity to inform the membership about drugs, supplies and services that are available to oncology researchers.

Attendees at our Meetings

The NRG Oncology SemiAnnual Meeting attendance totals over 1500 attendees. The attendance is made up of:

Gynecologic Oncologists
Medical Oncologists
Radiation Oncologists
Surgical Oncologists
Neuro Oncologists
Urologists
Pathologists
Basic Scientists
Physicists
Nurse Oncologists
Statisticians
Research Associates/Data Managers
Administrative Personnel

Educational Objectives of this Meeting

1. To inform the meeting participants of the current state of clinical and basic oncologic research, particularly, but not exclusively as it relates to clinical trials by:
    - Progress reports of recently completed studies including research from the three legacy groups, emerging basic science research, cancer center and other cooperative group activities, and efforts of individual investigators.
    - Status update of current clinical trials and basic science research.
    - Discussions concerning future clinical programs to diagnose, treat, and/or prevent cancer.
2. To provide participants with peer review critiques of progress (or lack of it) with the objective of self-improvement:
    - Identify strengths and weakness of individual investigators and their institutions.
    - Counsel investigators in corrective procedures to obtain better research and better-reported data.
    - Provide educational programs on research objectives and procedures to improve investigator quality and productivity.

3. To provide an opportunity to learn research administration and financial management in a cooperative group setting.

4. To provide a forum for expert reports from diverse fields to improve research practices and patient management.
