RE: PROTOCOL GOG-0265 – TERMINATION

Protocol Title: A Phase II Evaluation of ADXS11-001 (IND #13,712) in the Treatment of Persistent or Recurrent Squamous or Non-Squamous Cell Carcinoma of the Cervix (NCT# 01266460)

NCI Version Date: May 20, 2016

Study Chair: Warner Huh, MD; email: warner.huh@ccc.uab.edu

Per the action of the NRG Oncology Gynecologic Cancer Committee, GOG-0265 was terminated effective July 17, 2020.

All data collection is complete and the trial may be closed with your IRB.
