ABOUT NRG ONCOLOGY & THE NRG 2027 WINTER MEETING

NRG Oncology Mission Statement

NRG Oncology seeks to improve the lives of patients with cancer by conducting practice-changing, multi-institutional clinical and translational research with an emphasis on sex-associated malignancies including gynecologic, breast, and prostate cancers and localized or locally advanced cancers of all types.

NRG Oncology focuses on the following disease sites:

- Adult brain tumors (primary and secondary)
- Breast cancer
- Gastrointestinal cancer
- Genitourinary cancer (emphasizing non-metastatic prostate and bladder)
- Gynecologic cancer (including ovarian, cervix, and endometrial)
- Head and neck cancer
- Localized and locally advanced lung cancer (both NSCLC and SCLC)
- Sarcoma

THE Semiannual NRG MEETING
WINTER 2027

ABOUT NRG ONCOLOGY & THE NRG 2027 WINTER MEETING

Educational objectives of this meeting:

1. To provide information to meeting participants on the current state of clinical and basic oncologic research, particularly, but not exclusively, as it relates to clinical trials in NRG Oncology's research focus areas through:
    - Presentation of progress reports on recent NRG Oncology completed studies including emerging basic science research, cancer center and other NCI activities, and efforts of individual investigators.
    - Updates on current clinical trials and discussions concerning future clinical programs to diagnose, treat, and/or prevent cancer.

2. To provide participants with peer-reviewed critiques on the progress of their projects with the objective of self-improvement.
3. To identify strengths and weaknesses of individual investigators and their institutions. Counsel investigators in corrective procedures to obtain better research and better-reported data. Provide educational programs on research objectives and procedures to improve investigator quality and productivity.
4. To provide a forum for expert reports from diverse fields to improve research practices and patient management.
